EDUCATION

The University of Queensland   St Lucia, AU
Ph.D. in Computer Science (thesis submitted, examination pending)

- Thesis: "Concurrent valuation algebras"
- Advisors: Larissa Meinicke, Ian J. Hayes

The University of Queensland   St Lucia, AU
B.Math. (Honours Class I), GPA: 7.0/7.0

- Thesis: "Homological aspects of Morse-Bott theory"
- Advisor: Joseph F. Grotowski

University of Tasmania   Sandy Bay, AU
B.Sci. in Pure Mathematics (Honours) (incomplete; 80% coursework completed), GPA: 7.0/7.0

- Thesis: "Combinatorial structures on non-crossing partitions"
- Advisor: Des G. FitzGerald

University of Tasmania   Sandy Bay, AU
B.Sci. in Pure Mathematics, GPA Maj.: 6.9/7.0

EXPERIENCE

Sirius Beta Labs   Brisbane, AU
Mathematician & Development Lead   2022–

- Lead a project funded by the Defence Science and Technology Group (DST) through their Next Generation Technology Fund (NGTF)
- This project falls under an Industry Competitive Evaluation Research Agreement (ICERA), managed by the Information Warfare STaR Shot initiative

Oneironaut   Brisbane, AU
Founder, Mathematician & AI Engineer   2022–

- Independent consultancy for mathematical research and software development
- Utilising artificial intelligence, applied category theory, formal methods, functional programming

Independent Consultant   AU
Mathematician, Developer, Technician, Tutor   2014–2021

- Independent consultant for mathematical research, information technology, and education

AMA Dalat   VN
Teacher of English as a Foreign Language   2013–2014

- Experienced TOEFL teacher skilled in preparing students for English language proficiency exams and delivering engaging lessons tailored to meet individual needs

Teaching

- **Teaching Assistant** at The University of Queensland — 2021, 2022
  Functional & Logic Programming (COMP 3400)
- **Teaching Assistant** at The University of Queensland — 2021, 2022
  Reasoning About Programs (CSSE 3100)
- **Teaching Assistant** at The University of Queensland — 2021
  Concurrency: Theory and Practice (CSSE 7610)

Skills

- **Programming:** Haskell, F#, Python, Isabelle/HOL, Mathematica
- **Machine Learning:** Scikit-Learn, Keras, PyTorch
- **Tools/Techs:** SQL, Git, LaTeX
- **Web:** TypeScript

Languages

- **English:** Mother tongue
- **French:** Proficient, DALF C1
- **Vietnamese:** Beginner
- **German:** Beginner

Scholarships and Awards

- Ethel Raybould Prize in Mathematics, The University of Queensland — 2020
- Category 1 Earmarked RTP scholarship, The University of Queensland — 2020–2023
- Dean's Commendation for Academic Excellence, The University of Queensland — 2018, 2019
- Tasmania Honours Scholarship, University of Tasmania — 2012
- Dean's Roll of Excellence, University of Tasmania — 2010, 2012

Contributed Talks

- The 24th International Conference on Formal Engineering Methods (ICFEM), Brisbane   2023
  Trace models of concurrent valuation algebras
- School of Electrical Engineering & Computer Science (EECS), Research Seminar, The University of Queensland   2023
  Concurrent valuation algebras
- Formal Methods in Australia/New Zealand (FMOZ), The University of Queensland   2023
  Trace models of concurrent valuation algebras
- Relational and Algebraic Methods in Computer Science (RAMiCS), Technologiezentrum Augsburg   2023
  Contextuality in distributed systems
- School of Electrical Engineering & Computer Science (EECS), Research Seminar, The University of Queensland   2023
  Contextuality in distributed systems
- Formal Methods in Australia/New Zealand (FMOZ), The University of Queensland   2022
  Modelling distributed specifications with simplicial sets
- School of Electrical Engineering & Computer Science (EECS), Research Seminar, The University of Queensland   2021
  Progress and sheaves in concurrent refinement algebra
- School of Mathematics & Physics (SMP), Analysis Seminar, The University of Queensland   2019
  Homological aspects of Morse-Bott theory
- School of Mathematics & Physics (SMP), Special Topics, The University of Queensland   2019
  Hodge theory
- School of Mathematics & Physics (SMP), Special Topics, The University of Queensland   2018
  Čech cohomology of a cover
- School of Mathematics and Physics (SMP), Quantum Field Theory Seminar, The University of Queensland   2018
  Representation theory of semisimple Lie algebras
- School of Natural Sciences, Mathematics Seminar, University of Tasmania   2015
  Combinatorial structures on non-crossing partitions

Organisation

- Co-organiser of a Category Theory reading group with Angela Wren, The University of Queensland   2021
  Text: "Basic Category Theory" by Tom Leinster
- Organiser of a Topos Theory reading group, The University of Queensland   2020
  Text: "Sheaves in Geometry and Logic: A First Introduction to Topos Theory" by Saunders Mac Lane and Ieke Moerdijk
